

Arrival from the airport by car

From the airport you first take the main direction Playa de Palma (NOT direction Palma!) and then take the exit MANACOR - please follow the signs or ask at the car rental where the turnoff is.

When you arrive at the roundabout before Manacor, please continue on the expressway towards Cala Rajada and San Llorenc.

The next village is San Llorenc, where there is another roundabout before entering the village. Now follow the signs for Son Servera. After you have bypassed San Llorenc, there is another roundabout (here is also a garden market "Can Robi"). Please still follow the signs to Son Servera.

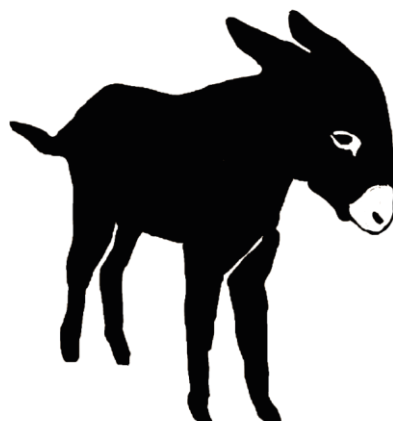

From here on, look for the kilometre markers (about 1 metre high, yellow and white) on the right side of the road. About 100 m after the milestone 5, a narrow tarred road (Cami de Can Duai) turns off to the right, please enter it here, drive up the hill (800 m), straight over the hilltop, follow the tarred road, (here our property already begins on the right side), again about 200 m downhill, we are the first entrance with a big archway on the right. Please drive into the entrance to the farm.

There is always someone there to welcome you. If you have any questions, please contact one of the telephone numbers on this page, we can help you.
